## Explanation of Sunrise Champs School, Daman (MS001402627) on RC Remarks:

Sr. No.	Affiliation Unit Remarks	RC Remarks on Affiliation Unit Remarks	Explanation of School on RC Remarks
1	The Inspection Committee has verified that the school has only 04 classrooms of the size 500 sq. ft. As per clause 4.1 of Chapter 4 of Affiliation Bye Laws- 2018, the school should have the classrooms of size 500 sq. ft. The school is not meeting out the requirement of the size of the classrooms as per norms.	1. Randomly the size of Class 3 A1 was checked where strength was 42 & size of the room was found to be 475 Sq. Ft. 2. They are constructing a new building with 21 rooms of size 500 sq. ft.	As per the report submitted by the RC, it is clearly mentioned that the school has 8 classrooms of size more than 500 Sq. ft., along with that the new building inside the same land and campus is getting ready within 1.5 months which was also showed to RC during Review Inspection.  School has also enclosed the letter of Licensed Structural Engineer along with the plan passed by the Government department.
2	The IC has verified that the concrete boundary wall is required from other two sides.	1. The newly constructed boundary wall at 1 side doesn't have any foundation and seems to be temporary. It stands on small beams at intervals & has approx. 1 ft. space at the floor level. 2. Boundary wall is at 3 sides only. 4th side will be constructed after the construction of their new building.	The school has covered the boundary wall from all four sides. One side boundary wall has been constructed in such a way that once the new building will get ready, the wall can be shifted so the entire campus along with the new

			building will also covered within the boundary wall.
3	The ramp is only at the Main Gate.	1. They have Ground + 3 floors 2. No ramp is there anywhere except at the main entrance. 3. They have shown the lift area but lift is not installed yet.	The school has already placed the work order with the advance cheque payment to the vendor for installation of the Lift in the existing campus and already provided the provision in the new building. The lift installation work will start during the vacation of the school keeping in mind the safety of the students.
4	The strength of the class has not been maintained as per Affiliation Bye Laws - 2018.	1. The class wise consolidated list of student strength was checked and most of the sections were found to be having more than 40 students, which testifies that class strength is not being maintained as per CBSE norm of 40 students per section. 2. Randomly attendance registers of classes 5 A1 & 5 A2 were checked during inspection. The no. of students were found to be 47 in each section.	As of now our school has 08 classrooms of size greater than 500 Sq. Ft. and 08 Classrooms of size 450 Sq. Ft. in the existing building which was shown to RC and they have mentioned this in their report also. Along with that in the new school building, there will be 21 classrooms of size greater than 500 Sq. ft.
5	Library size with No. of books is required to be maintained as per norms.	1. Library size was measured and was found to be 2094 sq. ft. 2. They have 2480 books. 3.	The school has a bigger Library, which was shown to the RC and the same was

		Accession register is not maintained, instead temporary registers are maintained level wise. 4. Books were randomly checked and were found to be in place. 5. Separate reading area for teachers was shown during inspection.	also mentioned in the report of RC. Even our school has sufficient books which is also mentioned in the RC report. The school also has an Accession register but the only thing is that the school has entered the books level and category wise, so that it will be easy for teachers and students to access the books.
6	The school is required to upgrade the Composite Science lab with more equipments/apparatus.	1. Composite science lab layout is not as per CBSE guidelines. 2. There is only one sink in the lab while 8 are required. 3. There is no gas pipeline or burners in the lab.	The school has a proper Composite Science Lab which can be seen in the videography too. As school has only applied till Middle class level, so as of now Gas pipeline is not required. School has fixed a proper sink with the running water in it, which is as per norms of CBSE Guidelines.
7	The school is required to upgrade the Mathematics lab with more equipments/apparatus.	1. Maths lab size is 450 sq. ft against the prescribed size of 600 sq. ft. 2. Layout is not as per CBSE guidelines. 3. Lab is temporarily arranged with only one door, no interactive board & no storage area or cupboards.	The school has all the necessary Teaching Learning Materials required in a Maths Lab as per CBSE norms. As per CBSE Affiliation bye laws, the Maths Lab room size should be of 500 Sq. ft. and not 600
